As students at Robert Morris University, we believe in a set of ideals and standards that can help guide our behavior toward one another and all members of the University Community.

We, the Community of Robert Morris University, believe in a set of ideals and standards to guide us – students, faculty, staff, and alumni alike – onward. Hand in hand we proclaim, with one voice, the following declarations:

- I will foster an environment of respect and compassion where students, faculty, and staff of all nations, races, beliefs, sexual orientations, and genders can coexist and develop in a diverse global community.
- I recognize that the resources provided by the University belong to everyone in the Robert Morris University community and will respect these valuable assets.
- I acknowledge that my status as a member of the Robert Morris family does not end upon my departure, but rather continues to reflect upon me throughout life.

Robert Morris University Student Conduct Process 2017-2018

Introduction

When a large number of people live and work together in a campus community with concern for one another, it becomes necessary to formulate procedures and regulations to provide for an orderly environment. Consistent with these objectives, the University recognizes an obligation to provide an atmosphere that is conducive to meeting the academic, living/learning, and social goals established by the University and to stimulate an atmosphere of civility and civil discourse where learning and living in a secure environment can flourish.

Certain procedures and regulations have been developed by Robert Morris University to assure quality of opportunity for each student and each student group in attainment of their objectives. For many individuals, becoming a student in the University community represents the first serious challenge to accepting major responsibility. Robert Morris University considers students to be mature individuals who are responsible for establishing and accepting standards for personal and group conduct in accordance with the regulations of the University and laws of the county, state and federal government. The University Student Conduct Process was developed in accordance with the Civility Code, Code of Student Conduct and published University policies that may be found on the Robert Morris University web site at www.rmu.edu.

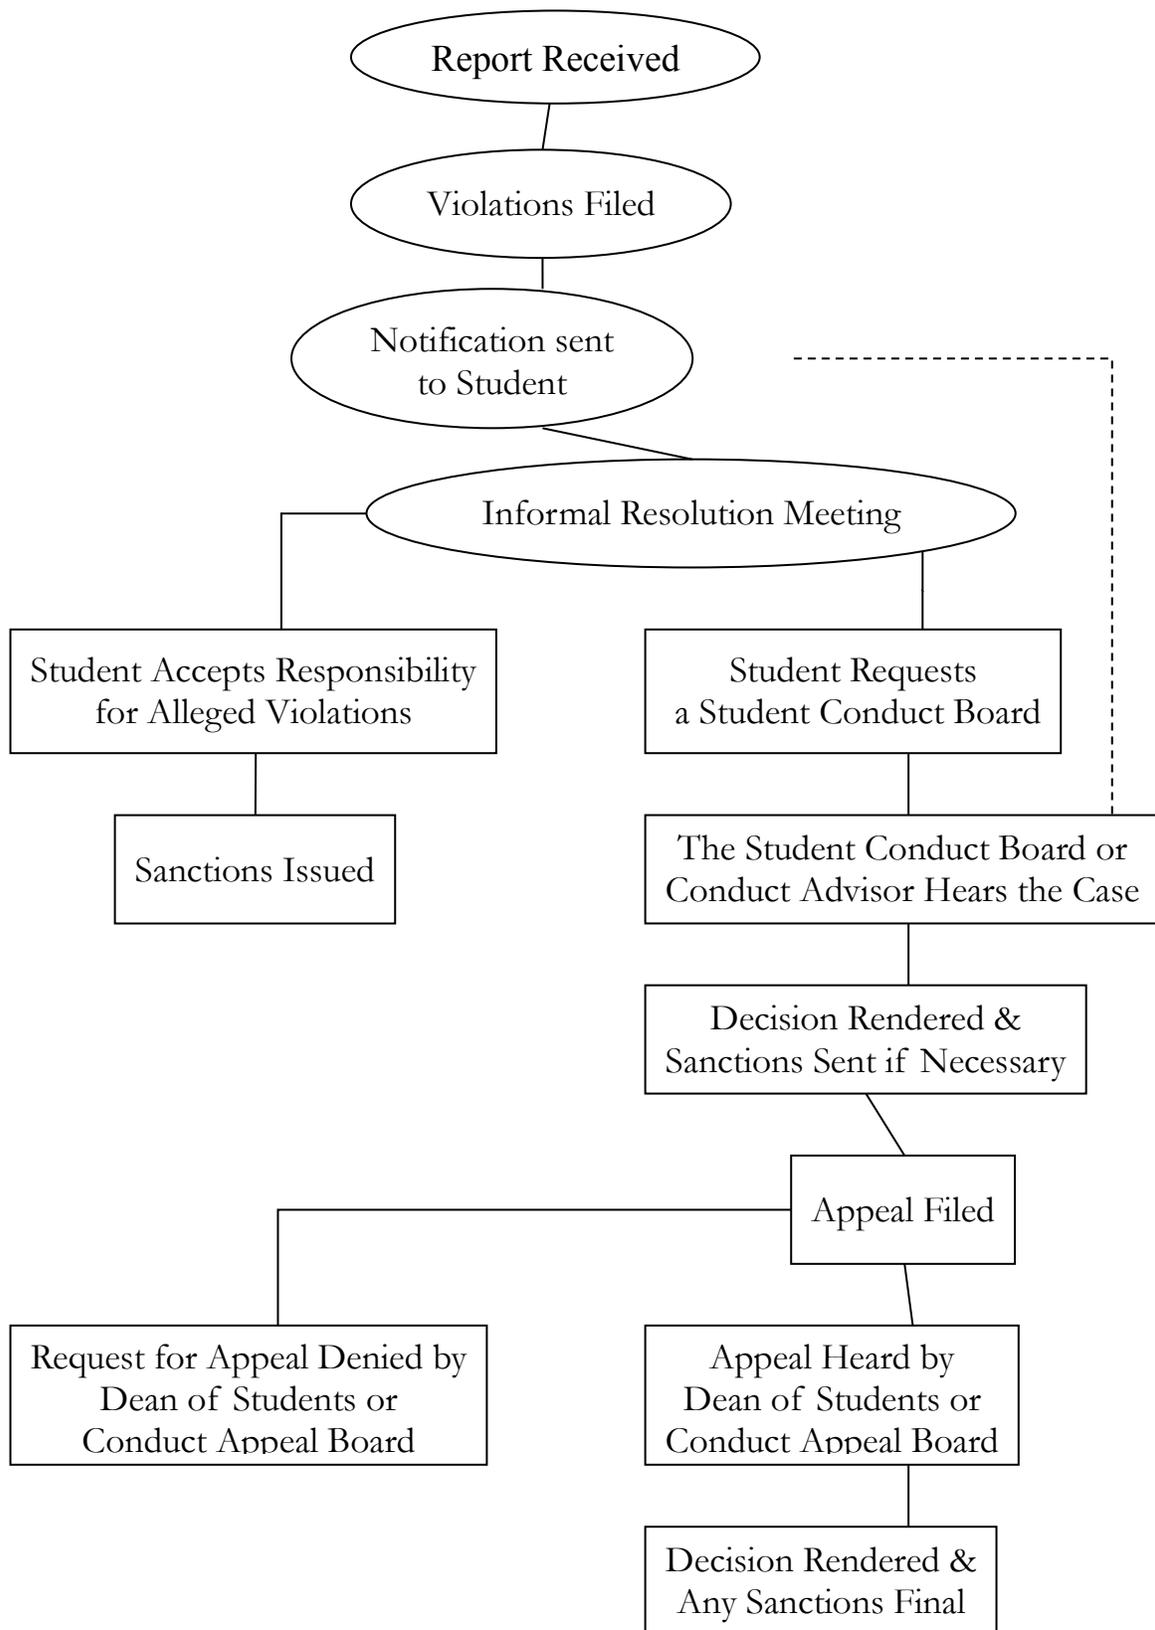

The following description and explanation of the University Student Conduct Process is being provided so that all students, both undergraduate and graduate, will be aware of their individual rights, as well as to assist individuals in their personal growth and development.

Student Conduct Philosophy

In order to protect the welfare and freedom of its students, faculty, and staff, as well as University property from destruction and misuse, Robert Morris University has formulated the University Student Conduct Process. The University has an obligation to clarify those standards of behavior that it considers essential to its educational mission and its community life. These general behavioral expectations and the resultant specific regulations represent a reasonable standard of student conduct.

Operating a student conduct process in a university environment requires careful investigation and consideration of many factors. Each student will be regarded in light of his/her individual character, his/her actions, and the amenability of that student to the ideals of civility and respect for others. The university believes that each case and each student is unique. The decisions rendered in a particular case will be made from an educational perspective. The decisions will be based on whether or not the individual is fulfilling the responsibilities expected of a student at Robert Morris University.

Student Conduct Process Flowchart

Section 1. Organization/Philosophy

- 1.1 The Trustees and President of Robert Morris University have delegated authority to the University Student Conduct Process to adjudicate cases alleging violations of the Code of Student Conduct by Robert Morris University students.
- 1.2 The procedures included herein apply to the resolution of matters of academic misconduct, social misconduct and related matters. Matters of academic conduct may be resolved via the University Academic Integrity Policy guidelines and/or referred to the University Student Conduct Process as deemed appropriate.
- 1.3 Supervision of the University Student Conduct Process is the responsibility of the Dean of Students and the Office of Student Life. Implementation of these procedures is the responsibility of the Dean of Students or his/her designee, in cooperation and consultation with appropriate representatives of the University community.
- 1.4 Robert Morris University is an institution of higher learning where individual growth and development are fostered, excellence is pursued, and the highest standards of integrity are expected in all areas of life. Robert Morris University is committed to providing an environment where persons are safe, property is secure, individual rights of all persons are respected and education of the highest quality is achieved.
- 1.5 The Code of Student Conduct outlines the behavior expected of all students at Robert Morris University, both undergraduate and graduate. Having voluntarily enrolled at Robert Morris University, all students have entered into an agreement to abide by the rules and regulations set forth in the Code of Student Conduct. Each student is responsible to modify his or her behavior to adhere to the requirements of this code and applicable federal, state, and local laws.
- 1.6 Violations of the Code of Student Conduct will be adjudicated by the University Student Conduct Process, which is designed to reflect and support the educational mission of the institution and to ensure the fair and equitable treatment of all individuals and groups charged with or victimized by student misconduct. Violations of RMU's Policy on Sexual Misconduct and Relationship Violence will be adjudicated in accordance with that policy.
- 1.7 The decision to pursue allegations of student misconduct through the University Student Conduct Process will be consistent with the philosophies and guidelines outlined in this publication. Sanctions of the University Student Conduct Process are designed to be educational and to develop citizenship, responsibility and accountability in our students.
- 1.8 Robert Morris University considers its Code of Student Conduct as a statement of minimal expectations and seeks to foster a commitment to the highest standards of ethical behavior by the coherent, consistent, and fair manner in which it enforces its rules and regulations. The University views its Student Conduct Process as a learning

experience that is intended to result in the growth and understanding of individual responsibilities on the part of all persons.

Section 2. Jurisdiction

- 2.1 The University Student Conduct Process has jurisdiction over all alleged violations of the Code of Student Conduct by any student or recognized student group that may be brought to its attention. Jurisdiction of the University Student Conduct Process extends to alleged misconduct that takes place on University owned or controlled property or on property close to the University, including off campus housing; alleged misconduct that takes place at any University sponsored event; alleged misconduct that takes place at internship sites, student teaching placements, or any site of designated academic activity; and alleged misconduct that has a significant impact on the educational mission and well-being of the University community that takes place at any location off campus.
- 2.2 University Student Conduct proceedings are administrative in nature and independent of any criminal and/or civil proceedings that may be concurrently in process. University student conduct proceedings are intended to enforce the Code of Student Conduct at Robert Morris University although the behavior in question may be simultaneously in violation of federal, state or local laws. The University may notify local and federal authorities when a crime is alleged to have been committed, but such notification will not modify the University's authority to address the alleged misconduct through its own conduct process.
- 2.3 The findings of the University disciplinary process are independent, and, therefore, are not affected by the findings of any criminal or civil proceedings. Students whose charges have been reduced/dissmissed in criminal proceedings may be held wholly accountable in the Student Conduct Process. Allegations of sexual misconduct are subject to federal standards outlined in Title IX of the Education Amendments Act of 1972 as well as the University's Policy on Sexual Misconduct and Relationship Violence.
- 2.4 Violations of the Academic Integrity Policy may be referred to and processed by the Academic Integrity Council, the University Student Conduct Process, or both. The Academic Integrity Council and the University Student Conduct Process are administrative in nature and operate independently of one another. For a detailed description of the Student Conduct Process for Violations of the Academic Integrity Policy by the Academic Integrity Council, please refer to the Academic Integrity Policy at www.rmu.edu/academicintegrity.
- 2.5 Violations related to gender such as sexual harassment, sexual assault, and other sexual misconduct may be referred to and processed by the Office of Diversity, Inclusion, and Equity, the University Student Conduct Process, or both. These administrative processes operate independently of one another. For more information on how Robert Morris University responds to violations related to gender and Title IX concerns, please refer to the Office of Diversity, Inclusion and Equity at <http://odie.rmu.edu/>.

Section 3. Overview of the Student Conduct Process

- 3.1 A University Student Conduct complaint may be filed against any student or recognized student group by any member of the University community. Complaints may be filed by a member of the University community by providing a statement to the Dean of Students, Office of Student Life, University Police or with an appropriate University office. All documentation and other evidence associated with the complaint, e.g., University Police or police reports and witness statements, should be included with the statement and submitted to the Office of Student Life. More than one complaint may be filed arising out of the same incident.
- 3.2 Complaints regarding academic dishonesty or abuse of University technology resources will be handled according to specific department/school policy and may be referred to the University Student Conduct Process or Academic Integrity Council at the discretion of the appropriate department director or dean of the school.
- 3.3 The Dean of Students or his/her designee will determine whether a complaint concerns students and/or recognized student groups and whether the complaint concerns subject matter falling within the jurisdiction of the University Student Conduct Process. The Dean of Students or his/her designee further will determine whether the complaint demonstrates sufficient evidence of wrong-doing to warrant further investigation and/or commencement of the conduct process.
- 3.4 The standard of proof applied within the University Student Conduct Process is a preponderance of the evidence, which requires a demonstration that it is “more likely than not” that the accused student or recognized student group has violated the Code of Student Conduct.
- 3.5 It is the responsibility of each party to investigate, prepare, and present his or her case before a Conduct Board or other Conduct Advisor. This responsibility includes identifying and presenting any witnesses or witness statements. The University Student Conduct Process is not authorized to mandate the appearance of any witness at a University Student Conduct proceeding. Similarly, neither parties nor their representatives are authorized to mandate or attempt to force the appearance of any person at a University Student Conduct proceeding.
- 3.6 Complainants are permitted to withdraw their complaints subsequent to filing if the Dean of Students and/or his/her designee are satisfied that the complainant’s decision has not been influenced by pressure or intimidation. In the event that the complainant is determined to have been influenced by pressure or intimidation, or in other extenuating circumstances, or where the University’s interests would be served by continuation of the case, the Dean of Students may appoint a University complainant to continue the case.
- 3.7 Upon determining that a complaint meets the standards required by the University Student Conduct Process, the investigating office will contact the accused student or recognized student group. The accused student or recognized student group will be invited to participate in an Informal Resolution Meeting with a Conduct Advisor to

discuss the allegations. At the discretion of the Dean of Students, a complaint may also be sent directly to a University Student Conduct Board.

- 3.8 An accused student or student group must schedule an Informal Resolution Meeting with his/her/its Conduct Advisor within three (3) University business days of receipt of written notification of charges. Failure to schedule or attend an Informal Resolution Meeting will result in the case being heard without the student or student group being present and the right to appeal any decision shall be considered forfeited.
- 3.9 At an Informal Resolution Meeting, the accused student or student group will be advised of his/her/its rights and responsibilities under the Robert Morris University Student Conduct Process. An Informal Resolution Meeting consists solely of the accused student or student group and his/her/its assigned Conduct Advisor. The accused party will also be given the opportunity to assume responsibility for the charges filed or to request that the complaint be considered by a University Student Conduct Board or Conduct Advisor. The accused student or student organization may also be asked to supply a written statement responding to the charges.
- 3.10 If the student or recognized student group accepts responsibility for the alleged violation(s), then the case will be considered resolved. The Conduct Advisor will then notify the accused party in writing of the outcome of the complaint and any sanctions issued as a result. Notice will be sent to the student or student group within five (5) University business days of the completion of the meeting. In cases where multiple parties must meet with a Conduct Advisor in connection with a single complaint, completion of the investigation will be considered the Informal Resolution Meeting with the last accused party. Once an informal resolution is reached, the decision is final and will be revisited only where new information becomes available that tends to demonstrate that a substantial error has occurred. In such a case, the accused student or the complainant may submit a written petition for reconsideration of the case to the Dean of Students or his/her designee. The decision of the Dean of Students or his/her designee regarding the reconsideration is final.
- 3.11 If an informal resolution cannot be reached, the complaint will be reviewed by the Dean of Students and/or a designee. The case will be assigned to a Student Conduct Board for formal resolution or returned to the original Conduct Advisor for consideration. The conduct board process is described in Sections 7 through 9 herein.
- 3.12 A student who chooses to withdraw from the University rather than participate in the conduct process will be classified in the Student Conduct files as having been withdrawn for disciplinary reasons. This status will be noted on the student's transcript as a voluntary withdrawal. A student who withdraws under these circumstances is not permitted to enter onto Robert Morris University owned, operated, or controlled property nor to participate in any class or program offered by Robert Morris University until the pending matter is resolved.
- 3.13 Robert Morris University may seek to notify parents or guardians of student conduct issues involving their dependent as follows:

- a. In all emergencies;
- b. In all serious cases, including all drug-related matters;
- c. After finding of responsibility in all cases of repeated (more than one) violations of the Code of Student Conduct; and,
- d. After final consideration as dictated by sanctions issued.

In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), Robert Morris University may seek to notify parents or guardians of conduct issues involving non-dependent students as follows:

- a. In all emergencies
- b. After finding of responsibility in all drug-related matters;
- c. After finding of responsibility in repeated (more than one) alcohol offenses; and,
- d. After final consideration as dictated by sanctions issued.

Other disclosures of student discipline records not described herein will be handled consistent with Section 13.

Section 4. University Student Conduct Board

- 4.1 The University Student Conduct Board is comprised of students, administrators, staff, and faculty. A minimum of three (3) and a maximum of five (5) representatives may serve on the board. When the accused student lives in a University residence, at least one (1) of the board members will be a Residence Life staff member. In all cases involving a felony arrest, the complainant or the accused student may request that a non-student University Student Conduct Board comprised of three (3) members drawn from the faculty, staff, or administration be appointed by the Office of Student Life. The University Student Conduct Board is advised by the Office of Student Life or, in cases of felony arrest, by the Dean of Students. The individual who assumes the role of advisor to the University Student Conduct Board shall be referred to herein as the Conduct Board Chairperson.
- 4.2 The University Student Conduct Board may hear any case of alleged violation of the Code of Student Conduct filed against individual students, student groups, or cases of academic dishonesty. The University Student Conduct Board may impose sanctions up to and including expulsion from the University and may design sanctions that are educational in nature. The Dean of Students and/or his/her designee will confirm the applicability of such sanction. In some instances, the Dean of Students or his/her designee may adjust the sanctions if it is in the best interest of the student or the university community.
- 4.3 Appeals of decisions made by the University Student Conduct Board that meet the criteria set forth in Section 11 are heard by the Dean of Students and/or his/her designees, or in specific cases, a University Conduct Appeal Board.

- 4.4 A University Conduct Appeal Board typically consists of the Dean of Students and the Assistant Dean of Students and/or a designee appointed by the Dean of Students. The Dean of Students can appoint any combination of University staff, faculty and students to stand in as the Conduct Appeal Board to consider an appeal on his behalf. A University Conduct Appeal Board has authority to hear appeals from decisions of any Student Conduct Board that meet the criteria set forth in Section 11. In addition, the University Conduct Appeal Board has authority to review the decision rendered by any Conduct Advisor described within these procedures. Members of the University Conduct Appeal Board are appointed by the Dean of Students from members recommended by the University community. The University Conduct Appeal Board is advised by the Dean of Students, or if these persons have been involved in the original board meeting, by a designee of the Dean of Students. The individual who assumes the role of advisor to the University Conduct Appeal Board shall be referred to herein as the Conduct Board Chairperson.
- 4.5 The Dean of Students or the University Conduct Appeal Board may re-hear cases or limit the proceedings to the specific issues outlined in the appeal, depending on the nature of the case. The board considering the appeal may change lower board decisions, increase or decrease sanctions, or return cases to the respective Conduct Board for further process. The University Conduct Appeal Board or other board considering the case may impose sanctions up to and including expulsion from the University and may design educational sanctions appropriate to a given case. The Conduct Board considering the appeal also determines whether substantial mitigating or exacerbating circumstances warrant reduction or enhancement of the standard sanction.
- 4.6 Decisions of the University Conduct Appeal Board or other board considering the appeal are final when reviewed and confirmed by the Dean of Students.

Section 5. Roles of Administration

- 5.1 The Office of Student Life is responsible for the coordination of support and advisory resources that are available to complainants and accused students involved in the University Student Conduct Process. He/she will preside over the formal board meeting process to ensure that all policies and procedures are followed correctly. When a case is remanded to a board, the assigned Conduct Board Chairperson will also assume the role of Conduct Advisor to the complainant and the accused party. The Conduct Board Chairperson will be a non-voting member of the board except in cases where a tie vote must be broken.

Section 6. Interim Suspension and Other Administrative Actions

- 6.1 The status of an accused student will not be changed while a case involving an alleged student conduct violation is pending against him or her, unless the Dean of Students, or his/her designee, in consultation with the University Police Chief, determines that an interim suspension is required to promote the safety and well-being of the University community or the accused student, or other substantial University interests.
- 6.2 Where an interim suspension is imposed in a case involving the arrest of the accused student, the University may require the associated criminal matter to be resolved in full prior to the University Student Conduct Process hearing the case. In circumstances where a criminal matter remains pending or in other unusual circumstances, including those described in Section 6.3, students who seek to have their cases heard on the merits prior to any criminal proceeding may file a written request for a meeting with the Dean of Students or his/her designee who will act in the role of Conduct Advisor in deciding the case. The University reserves the right to conduct proceedings under the University Student Conduct Process prior to, simultaneously with, or following civil or criminal proceedings off campus.

He/she may further recommend that the student's participation in an assessment, educational program, and/or other intervention designed to respond to the student's or others needs should be required. A student who fails to attend and actively participate in the assessment, educational program, and/or other intervention as required or who engages in behaviors that pose a significant health or safety risk to the student or others may be withdrawn from the University for medical reasons. This withdrawal will extend until the student demonstrates completion of an equivalent assessment, educational program and/or other intervention satisfactory to the Director of Health Services, Crisis Counselor, Psychologist and/or his/her designee. The Dean of Students will determine whether and under what conditions the student will be permitted to return to the University.

In emergency medical or physiological circumstances, students may be removed immediately from the University pursuant to Section 14 of these procedures.

Section 7. Rights of Complainants and Accused Students

- 7.1 Prior to a University Student Conduct Board hearing, each party (i.e., the complainant(s) and accused student(s)) will be given written notice of the charges stating: the alleged facts upon which the charges are based, the sections of the Code of Student Conduct alleged to have been violated, the procedures to be used in resolving the charges, and the date, time, and location of the meeting. The University endeavors to deliver the notice at least three (3) University business days prior to the meeting. Notice will be considered complete when placed at the door of the address last given by the student to the University, delivered to the student's University email account or in any other manner reasonably designed to give notice to the student.
- 7.2 Each party will be given an opportunity to be heard before an impartial University Student Conduct Board or Conduct Advisor in a timely manner – usually within thirty (30) days of the filing of the written complaint. Attendance at board meetings is limited to the University Student Conduct Board members and its Conduct Advisor and the parties immediately involved and their advisors. Witnesses are permitted access to the meeting room solely for the purpose of, and duration necessary to, provide testimony.

Individuals not directly involved with the meeting in progress will not be permitted in the immediate vicinity of the meeting room.

- 7.3 Each party may have the opportunity to face the opposing party and/or to ask questions indirectly through the University Student Conduct Board. The Student Conduct Board has the discretion to determine the manner in which and to what extent questioning of witnesses may occur.
- 7.4 The University Student Conduct Board may be advised at all times by the Conduct Board Chairperson. No attorney will be permitted to participate in the Student Conduct Process on behalf of the complainant or the accused student. Students are permitted to have one (1) self-selected Advisor present. The Advisor must be a student, faculty member or administrator at Robert Morris University, or the student's parent or legal guardian. Advisors, when permitted to participate, are limited to the role of advising the student as described in Section 9.5. If an Advisor fails to abide by University policies, he/she will be removed from the proceedings and barred from acting as an Advisor in future University Student Conduct proceedings. In such circumstances the board will determine whether to proceed with the board meeting without the presence of the Advisor or to forward the case to the Dean of Students for resolution before a Conduct Board Advisor.
- 7.5 Each party will have the opportunity to present relevant testimony and/or evidence to the Conduct Board Members on his/her behalf and the opportunity to respond to testimony or evidence presented by other parties. The Conduct Board Chairperson will determine the relevance of testimony.
- 7.6 An audio recording may be made of all board meetings involving violations of the Code of Student Conduct. This recording is the sole property of Robert Morris University and is only permitted for review by appropriate University officials as designated by the Dean of Students, and in accordance with FERPA.
- 7.7 The Conduct Board endeavors to submit written notice of its confirmed decision to each party within five (5) University business days after the meeting is concluded. A meeting is considered concluded at the point the University Student Conduct Board's deliberations are complete.

Section 8. Responsibilities of Complainants and Accused Students

- 8.1 Each party must appear at the meeting as specified. If either party fails to appear at the meeting, the University Student Conduct Board may proceed and consider the case in the absence of the missing party/ies, dismiss the complaint, or reschedule the board meeting, as the facts and circumstances of the case indicate.
- 8.2 Each party must act in a manner that is respectful of the proceedings and the rights of all individuals involved. It is the responsibility of each party to assure that their Advisor, witnesses and other affiliates act in a manner that is respectful of the proceedings and the rights of all individuals involved. The Conduct Board Chairperson shall retain the option

to discontinue the board meeting and forward the case for administrative resolution by the Dean of Students and/or his/her designee, when the behavior of any person has become an encumbrance likely to have a detrimental impact on the outcome of the board.

- 8.3 Each party must answer pertinent questions truthfully during the board meeting or choose to remain silent. The board may draw inferences from the statements and silence of any person with respect to the pertinent question. False testimony by any person may give rise to further disciplinary action or an enhancement of sanctions at the discretion of the board members.
- 8.4 At the board meeting each party must offer all information known or available to him/her that he/she desires to be considered. Each party is responsible for calling witnesses to testify on his/her behalf and for providing a list of potential witnesses, including witness names and whether a witness will testify to facts in issue or to the character of the offering party. This list must be submitted to the Office of Student Life at least 48 hours in advance of the meeting. The Office of Student Life will make witness lists available to the opposing party. The Conduct Board Chairperson will have the discretion to limit the number of witnesses to be called by either party, taking into consideration the following guidelines:
 - a. All fact witnesses will be heard, unless the Chairperson determines evidence is cumulative or irrelevant, or would unnecessarily compromise the confidentiality of the board meeting.
 - b. Each party will be limited to one character witness but may submit, in lieu of additional character testimony, one or more statements signed by other persons who must certify to the truth of the statements.
 - c. Witnesses who have not been disclosed to the Office of Student Life at least 48 hours in advance will be heard only if the board votes to allow their testimony.

Section 9. Student Conduct Board Procedures

- 9.1 The purpose of the meeting is to provide the opportunity for complainants and accused students to present all relevant facts and other evidence with regard to alleged violations of the Code of Student Conduct. It is the responsibility of the University Student Conduct Board to consider impartially all relevant testimony and other relevant evidence, determine the facts, and impose appropriate sanctions. Decisions of the respective Student Conduct Boards are subject to review and confirmation by the appropriate University officials, as outlined in Section 4.2.
- 9.2 The University Student Conduct Process is an internal, administrative process in which the rules of evidence used in criminal and civil proceedings do not apply. The standard of proof used to decide matters within the University Student Conduct Process is a preponderance of evidence as described in Section 3.4.
- 9.3 University Student Conduct Process meetings are confidential and closed to persons not directly related to the case. The results of University Student Conduct proceedings are confidential in accordance with applicable law. The University reserves this right to correct any misinformation with regard to University Student Conduct Process actions that may be

circulated in the media when the well-being of the community so requires. The University will publish data related to the activities of the University Student Conduct Process on a periodic basis consistent with constraints imposed by law.

- 9.4 Complainants, accused students, and the University, as represented by the respective Conduct Board Members, are the principal parties in University Student Conduct proceedings. All parties, advisors, witnesses, and Conduct Board Members are expected to maintain the confidentiality of University Student Conduct Process proceedings.
- 9.5 Advisors to the students, as defined in Section 7.4, have no standing in University Student Conduct proceedings, except to provide assistance to their respective parties in a quiet, non-disruptive manner. Advisors do not represent or speak for their respective parties, except at the request of the Conduct Board Chairperson.
- 9.6 Conduct Board Chairpersons appointed by the Dean of Students or his/her designee, will preside at each board meeting. The chair of the board serves as the Conduct Advisor to students involved in the case.
- 9.7 The order of presentation at the board meeting should substantially follow the below format:
 - a. Introductions and reading of the complaint/appeal by the chairperson;
 - b. Opening statements- confirmation of complaint by complainant;
 - c. Presentations of statements/evidence/witnesses by the complainant;
 - d. Presentation of statement/evidence/witnesses by the respondent;
 - e. Closing statement by the complainant;
 - f. Closing statement by the respondent.

In cases involving felony arrest, or in other appropriate circumstances as determined by the University, the order of presentation at the board meeting may be changed at the discretion of the Conduct Board Chairperson.

- 9.8 The University Student Conduct Board Members may ask questions at any time subject to limitations of relevance, as determined by the Chairperson. The parties may ask questions directly or indirectly through the Chairperson subject to reasonableness and relevance, as determined by the Chairperson.
- 9.9 University Student Conduct Board decisions are made in private and by a majority vote of the board members. Decisions may be withheld pending further information gathering or as time constraints dictate. All University Student Conduct Board decisions are subject to confirmation by the appropriate University official.

Section 10. Sanctions

- 10.1 University Student Conduct Process sanctions are official actions of the University. Failure to comply with sanctions that are imposed by the University Student Conduct Process, or with specific conditions related to the safety and security of any persons or property while a case is pending, may result in a hold on the student's academic records, indefinite suspension or expulsion of the student or group from the University without benefit of further process.
- 10.2 The following sanctions, or any combination thereof, may be applied to any individual student, group of students, or recognized student groups, for violations of the Code of Student Conduct and related University policies.
- a. **Warning** - In instances of less serious deviations from the University norms of conduct, the student(s) may be formally warned of the possible consequences of continuing such behavior. No other specific action is required unless further misconduct occurs. Final warnings are issued when students have established a pattern of violating the Code of Student Conduct. A future violation may result in suspension from the University and/or University housing.
 - b. **Educational Intervention** - The primary goal of the University Student Conduct Process is education. Respective boards and Conduct Advisors may design sanctions that are specific to an individual case when it is determined that educational value may result and the interests of the University community are maintained. Examples of educational sanctions include, but are not limited to: community service, presentations, alcohol/drug education, research tasks, intervention meetings, and writing assignments.
 - c. **Residential Relocation** - This status indicates that a student is not eligible to live in and/or visit some of the University's residential facilities. A residential relocation involves the reassignment of a student's living unit within University housing and usually prohibits the student from returning to the residential area associated with the former living assignment.
 - d. **Disciplinary Probation** - The sanction of probation means that a student must prove him/herself to be a responsible member of the University community. Engaging in violations during the probationary period will result in more severe disciplinary action. The student or student group is permitted to remain enrolled at or retain recognition by the University under stated conditions, depending upon the nature of the violation and upon the potential learning value that may derive from specific restrictive measures. Further violations may result in immediate suspension, or expulsion from the University.
 - e. **Restitution** - This sanction requires repayment to the University and/or complainant(s) and/or victim(s) for loss, damage, or injury occurring as a result of a

violation of the Code of Student Conduct. Restitution may take the form of appropriate service and/or monetary or material replacement.

- f. **Restriction of Privileges** – For the designated period of time the student may not participate in specified activities of the University and/or may have specific privileges revoked at the discretion of the board or advisor.
- g. **Persona-Non-Grata - Residence Halls** – During a time frame designated by the Conduct Advisor or board, the student may not enter the residential corridor. The student is also restricted from any University activity or program that occurs within the residential corridor of campus. The residential corridor is the residential facilities and the lawns, parking spaces and roads, between the residence halls on the Moon Township campus.
- h. **Persona-Non-Grata - Campus** – During a time frame designated by the Dean of Students or Student Conduct Board, the student is not permitted on Robert Morris University property or at events on or off campus sponsored by Robert Morris University. The University may permit or require the student to enroll solely in online courses.
- i. **Residential Suspension** - A residential suspension involves the student’s removal from housing for a period of time specified by the Dean of Students or a Student Conduct Board. Completion of specific conditions and any additional sanctions may be required in order for the student to return to housing. During the period of suspension, the student will automatically be listed as Persona-Non-Grata from all residential facilities and the residential corridor.
- j. **Residential Expulsion** - A residential expulsion involves the student’s permanent separation from all residential facilities at Robert Morris University. The student may not reapply at any point for re-admission to University residential facilities. The student will automatically be listed permanently as Persona-Non-Grata from the residential facilities and corridor.
- k. **Interim Suspension** - This action by the Dean of Students, or his or her designee, is a temporary suspension from the University while a student conduct case is pending. An interim suspension may be broad and inclusive or may be restricted to a specific location and/or function and is based on the determination that the safety and wellbeing of the University community and/or specific persons are at risk.
- l. **Suspension** - This action results in the involuntary withdrawal from the University, or loss of “recognition” for a recognized student group, for a specific amount of time or until specific conditions have been met. A suspended student or student group is prohibited from any presence or activity on University owned, operated, or controlled property and from participation in any class or program offered by Robert Morris University.

A student or student group placed on a status of suspension is permitted, after a prescribed period of separation, to submit a petition demonstrating his/her/its good

citizenship in the time away from the University and potential for making positive contributions in the future. Individual student petitions are required to include: a personal essay evidencing the learning the student has gained from the incident that led to the suspension; the manner in which the student has been occupied since his/her departure from the University; and, the specific commitments the student will make to contributing positively to the University community if offered the opportunity for readmission; documented evidence of the student's completion of substantial service to the community; documented evidence of gainful employment and/or completion of or documented evidence of completion of any special assignments identified for the student by the Dean of Students at the time of or subsequent to the student's departure. This petition is reviewed by the Dean of Students who will determine whether and under what conditions a student may be permitted to return to the University in a future semester. Petitions on behalf of student groups will include elements specific to the type of student organization, as determined by the Dean of Students and the Office of Student Life.

- m. **Expulsion** - This action is the permanent separation of the student, or student group, from the University, its programs and facilities. It is the most severe disciplinary action that the University Student Conduct Process can impose. An expelled student is prohibited from any presence or activity on University owned, operated, or controlled property and from participation in any class or program offered by Robert Morris University.

- 10.3 Standard sanctions have been adopted by Robert Morris University to respond to specific violations of the Code of Student Conduct. The University seeks to provide meaningful consequences for violations of University expectations and to ensure that students are provided opportunities to access education, counseling, and support.

Standard sanctions apply only to those offenses described in the Sanctioning Guidelines listed herein. Incidents falling within the Code of Student Conduct but not described in the Sanctioning Guidelines will be handled on a case-by-case basis in light of all the circumstances.

Other specific situations to which standard sanctions do not apply are as follows:

- a. Where a student or student organization is found to have engaged in multiple violations of the Code of Student Conduct in a single incident, rather than solely in the violation addressed by the standard sanction;
- b. Where a student or student organization is already on a conduct sanction status equal to or greater than the standard sanction for a subsequent offense;
- c. Where a specific incident presents exacerbating circumstances, an ongoing risk to persons or property, or other serious concerns; and/or
- d. Where the student or student organization is on current disciplinary probation, thus the violation may be subject to more severe sanctions consistent with stipulations issued by a previous Conduct Board or Conduct Advisor.

In these situations, the appropriate sanctions will be determined on a case-by-case basis in light of all the circumstances. Generally, these situations will result in sanctions in excess of the standard sanction.

The presence of substantial mitigating or other appropriate circumstances may result in the reduction of a standard sanction at the discretion of the Dean of Students or his/her designee, or the University Conduct Appeal Board.

Review and confirmation by the Dean of Students will be made within ten (10) University business days after the decision of the University Conduct Appeal Board is complete. Parties will be informed of the outcome of any appeals only upon confirmation by the Dean of Students.

Section 12. Modification of Procedures

- 12.1 Robert Morris University reserves the right to modify its student conduct procedures and appeals process, with written notice to the complainant and the student, when classes are not in session, during the summer session, when safety and security issues so demand, when special expertise is needed to ensure fairness, or in other circumstances where, in the University's sole discretion, the procedures described herein are deemed insufficient to meet the objectives of educating and protecting members of the University community.

Section 13. Disciplinary Records

- 13.1 Access to disciplinary records is provided in accordance with the Family Educational Rights and Privacy Act of 1974, as amended.

Disciplinary records maintained by Robert Morris University are retained for seven years from the date of the most recent incident in the student's file or until one year after the student has graduated from the University, whichever is longer. Records of students who are suspended, expelled, prohibited from future enrollment, or otherwise withdrawn for disciplinary or medical reasons, are retained indefinitely.

Section 14. Involuntary Medical Withdrawal

- 14.1 Robert Morris University reserves the right to withdraw a student temporarily from the institution for misconduct that has its basis in a psychological or medical condition. Such action of the Dean of Students, or his or her designee is not automatic, will be done with appropriate professional consultation, and will be subject to a case by case evaluation based on the specific facts and circumstances existing at the time, plus any available medical information and/or documentation. The student will be provided with written notice of the reason(s) for the withdrawal and an opportunity to be heard by the Dean of Students or his/her designee(s), in accordance with his/her direction.

Alcohol Policy

Students who are of legal age are permitted to consume alcohol under the following guidelines:

1. The presence of alcohol in the residence of students over the legal age of 21 is acceptable if not publicly displayed and if not used in the presence of or provided to those who are underage.
2. Tailgating is permitted in the designated tailgating lot only for home football games. Tailgating is subject to rules and standards set by the university's Tailgating Policy.
3. Public drunkenness or disorderly behavior while under the influence will result in appropriate disciplinary action.
4. Students who are underage may not possess or drink alcoholic beverages. Students who are underage may not be in the presence of others consuming alcohol, even if a room or apartment is shared by students on both sides of the legal drinking age.
5. Substantial quantity of alcoholic beverage or common source containers (e.g., beer kegs, beer balls or punch bowls) may not be brought onto campus.
6. Alcoholic beverage bottles, cans, empty kegs, beer balls, taps, etc. may not be used for decorative purposes in the residence halls.
7. Alcoholic beverages will not be allowed at any event on campus unless expressly approved by the University.
8. Individuals or groups sponsoring formal or informal events off-campus are responsible for upholding the Pennsylvania alcohol law.

10. No residence hall room, lounge, common area, space or assigned student organizational suite may contain paraphernalia or equipment for drinking games. Students are prohibited from participating in drinking games in the residence halls. The definition of drinking games includes but is not limited to the consumption of shots of alcohol, liquor or alcoholic beverages, the practice of consuming shots equating to one's age, beer pong, century club, dares or any other activity involving the consumption of alcohol which involves duress or encouragement related to the consumption of alcohol. Apparatus for easy alcohol consumption such as beer bongs, funnels, or ice luges are also prohibited to be used on campus.

Students who violate the Alcohol Policy can be disciplined under the University Student Code of Conduct Process and may be prosecuted under the Pennsylvania criminal statutes. Even if the criminal justice authorities choose not to prosecute, the University can pursue disciplinary action, which may result in dismissal from the University.

Drug Policy

The use, possession, manufacture or distribution of narcotics and other controlled substances is prohibited and is considered contrary to the Code of Student Conduct. Any exception will only be for instances expressly permitted by law. Paraphernalia associated with the use of illegal substances is not permitted on University property or at University sponsored events. Hookah pipes and/or other legal smoking devices are prohibited in the residence halls. Athletes should be aware as well that a positive drug test constitutes a violation of the University drug policy. The University encourages all members of the Robert Morris community to be aware of the consequences of the use, possession or distribution of narcotics or other controlled substances.

Individuals charged with use, possession, manufacture or distribution of narcotics or other controlled substances can be disciplined under the University Student Conduct Process and may be prosecuted under Pennsylvania criminal statutes. Even if the criminal justice authorities choose not to prosecute, the University can pursue disciplinary action, which may result in dismissal from the University.

Hazing Policy

No club, organization, team, student, employee or alumni shall conduct nor condone hazing activities. Permission or approval by a person being hazed is not a defense. Hazing activities are defined as:

Hazing is any reckless or intentional act, occurring on or off campus, that produces physical, mental, or emotional pain, discomfort, humiliation, embarrassment, or ridicule directed toward other students or groups (regardless of their willingness to participate), that is required or expected of new members and which is not related to the mission of the team, group, or organization. This includes any activity, whether it is presented as optional or required, that places a new member in a position of servitude as a condition of membership. Prohibited acts of hazing include those covered under Pennsylvania State law.

Smoking Policy

It is Robert Morris University policy that no smoking is permitted at any time inside University buildings, residence halls, offices, University vehicles or any other interior space. Smoking is not permitted within 15 feet of any entrance door, open window or air intake. Individuals desiring to smoke may do so in the designated areas where ash receptacles are located. Violators of this policy are subject to appropriate disciplinary action. Smoking is defined as inhaling, exhaling or holding any lighted cigarette, cigar, pipe or similar product or device. This policy includes hookahs, vaporizers, and electronic vapor devices.

Solicitation Policy

Students, organizations, vendors, and other individuals who wish to sell or market items or services to students on campus must receive written permission in advance from the Office of

Student Life. Additionally, student organizations may not sponsor or arrange for sales or presentations by vendors without permission in advance from the Office of Student Life.

Approved solicitations are only permitted in designated campus locations. No form of solicitation is permitted in any university residence hall. Any individual(s) attempting to solicit in the residence hall community will be escorted from the halls and/or the campus property immediately. Campus residency does not exempt individuals from this policy.

Individual(s) not in compliance with this policy may be barred from future visits to campus, as well as cited for unauthorized trespass.

Members of the campus community who encounter individual(s) conducting a solicitation of students may ask to view their written authorization. Contact University Police, the Office of Student Life or the Office of Residence Life immediately if there is a concern regarding the legitimacy and/or authorization of any individual, organization or vendor encountered on campus.

Title IX (Sex-based discrimination or misconduct)

Robert Morris University is committed to maintaining an environment that is free of sex-based discrimination and misconduct. Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in educational programs and activities at universities/institutions receiving federal financial assistance. Title IX prohibits all forms of sex-based discrimination, including sexual harassment, sexual violence, and other forms of sexual misconduct.

The University's Policy on Sexual Misconduct and Relationship Violence addresses these issues. Any student, staff, or faculty member who has concerns regarding sex discrimination and/or sexual misconduct is encouraged to seek the assistance of the Title IX Coordinator. Dr. Yasmin Purohit can be reached at purohit@rmu.edu, or by phone at 412-397-5472. Dr. Purohit's office is located on the 1st floor of the Business School building (BUS 125).

University property. The University encourages all members of the University community to be aware of the consequences of possession of firearms. Individuals charged with possession of firearms, weapons, or fireworks can be disciplined under the University Student Conduct Process and may be prosecuted under Pennsylvania criminal statutes. Even if the criminal justice authorities choose not to prosecute, the University can pursue disciplinary action, which could result in dismissal from the University. The University reserves the right to confiscate any weapon pending student conduct review and/or federal and state laws. A valid Pennsylvania License to Carry Firearms (concealed firearms permit) does not supersede this policy.
